My daughter found a stray shepherd. He is about 9-12 months, very sweet, friendly to people and other dogs, doesn't seem to chew, dig and seems low energy, calm dog.

Please let me know if you are interested. Would probably be a good dog with kids. He follows us around the house.

Francisco Hernandez was a fiercely independent man, refusing help from family and neighbors — even firing Meals on Wheels — as he moved into old age at his Mount Washington home.

So it's not surprising that the 89-year-old World War II Purple Heart recipient was home alone with his bulldog, Nero, when a fire late Friday tore through the tiny cottage he lived in for the last 40 years.

3 **Fracking - Will Los Angeles be the First to Ban It - With Your Help?**

Mon Feb 24, 2014 6:08 pm (PST) . Posted by: "[Scott Rubel](#)" [scottford1124](#)

Most of us know about fracking from reports of distant farmers and their water catching on fire. It happens here, too. Tomorrow we have a chance to ban fracking in Los Angeles, and be the first city to do so.

BIG NEWS! THE KEY FIRST VOTE TO STOP FRACKING IN LOS ANGELES CITY WILL BE HEARD THIS TUESDAY AT CITY HALL ROOM 350!

Be a part of HISTORY to make Los Angeles the first city to prohibit fracking in California! Stand in solidarity with residents in LA that are living near fracking and getting sick.

The Los Angeles Fracking Moratorium has been scheduled this upcoming Tuesday in the Planning Land Use Management (PLUM) Committee, and we need you to FILL THE ROOM to WIN THE DAY!

The passing of the fracking moratorium through the PLUM Committee is DO OR DIE. We are unsure of how the Councilmembers in this committee will vote, so it is absolutely imperative that you SHOW UP to testify (or stand in solidarity!) and CALL THEIR OFFICES to ensure they vote to support the moratorium:

-----WHEN IS THE VOTE? -----

THIS TUESDAY February 25th
2:30 PM
Los Angeles City Hall
200 N Main Street, Los Angeles CA 90012
Room 350
WE NEED TO PACK THE ROOM!

PARKING/ CARPOOL:

Need help with parking or carpooling?

1) For Los Angeles residents: you can call your LA City Councilmember and let them know you will be attending the PLUM meeting in room 350. They will let you park at the city hall structure for FREE

2) For parking call LA City Hall Parking Permit Desk:

(213) 978-2777 and the website: <http://gsd.lacity.org/parking/parking.htm>

3) LA City Hall is also short walk from the expo line.

----CALL BEFORE TUESDAY TO CITY COUNCIL-----

Councilmembers in the PLUM Committee are:

Jose Huizar - (213) 473-7014

Mitchell Englander - (213) 473-7012

Gil Cedillo - (213) 473-7001

TALKING POINTS:

****We need to stop fracking in the City of Los Angeles until it can be proven safe to the environment and community health.**

****Fracking makes air pollution worse, and it is set to expand in LA communities already overburdened by pollution.**

****Fracking threatens our health by using dangerous chemicals that can seep into our air, water, soil, and food supply.**

****Fracking increases the risks of earthquakes.**

****Fracking uses enormous amounts of water resources that are already stretched thin in this drought.**

It's also extremely likely that the moratorium will be scheduled for a final vote by the full City Council within the next week. Call the Councilmembers in the E&E committee for good measure:

Felipe Fuentes - (213) 473-7007

Bob Blumenfield - (213) 473-7003

Tom LaBonge - (213) 485-3337

Join us this Tuesday at the Old L.A. Farmers Market in Highland Park, Ave. 58 at Figueroa, 3 to 7 p.m.

We're looking for musicians for our spring music fest, so come on by and talk to us if you want to participate.

This market has a craft section, and many of your usual fruits and vegetables. Several of the farmers, such as Gaytan Farms, sells unique Mexican herbs and vegetables. Come on by and check it out. Hablamos espanol.
